your logical choice for maintenance solutions

# BioClean 424

## heavy duty multi purpose cleaner/degreaser

BioClean 424 is a powerful, all-purpose, biodegradable emulsifier that releases instantaneous chemical action which rapidly penetrates greases, oils, grime and dirt. This is the perfect product to use in floor scrubbers, power washers, steam cleaning machines - and also contains BioLogic's exclusive rust inhibitor. Use in parts washers, automatic floor scrubbers, power washers, steam cleaning machines, mop and bucket, or trigger sprayers to clean parts, floors, walls, equipment, machines, etc.

If you are looking for one product that does it all BioClean 424 is it. From grimy greasy machinery to heavily soiled carpet this ultra heavy duty aqueous cleaner will amaze you.
