

BioShine

Acrylic Co-polymer Finish

DESCRIPTION

BioShine is a metal, cross-linked acrylic co-polymer finish for asphalt tile, vinyl tile, rubber tile, linoleum, terrazzo, wood block and concrete floors.

FEATURES

- 28% solids
- Highly resistant to marks and abrasions
- Non-yellowing
- Detergent resisting
- Brightens colors
- Preserves and protects floor surfaces
- Spreads smoothly and evenly on light or dark floors
- Does not streak or puddle
- Dries to a self-polishing shine in 20 – 30 minutes
- Less recoating – lower maintenance costs
- Covers approximately 1500 – 2000 sq. ft. per gallon

HOW TO USE

Remove old wax or finish with Remove Floor Stripper. Apply to clean floor surface with a lambs wool applicator. For larger areas, spray in a sweeping motion with a garden-type sprayer or industrial sprayer.

SPECIFICATIONS

Physical Form	milky liquid
Color	white
Odor	wax-like
Specific Gravity	1.02
Flash Point (TCC)	None

HMIS SYMBOL

Health	1
Flammability	0
Reactivity	0
